Analysis

This resolution approves the first amendment to a contract between the Metropolitan Government and Waste Pro of Tennessee, Inc. for the provision of solid waste collection and collection of carts. The Council previously

approved the contract with Waste Pro pursuant to Resolution No. RS2022-1655.

The original value of the contract was \$7,500,000. This amendment would increase the value of the contract by \$32,500,000, for a total of \$40,000,000. This amendment was requested as Waste Pro has taken on many of the routes of a failed trash company, depleting the initial value of the contract. Waste Pro initially serviced 20 routes but has taken on 30 additional routes for a total of 50 residential trash routes per week. Starting August 1, 2023, Waste Pro will service 11 front load dumpster routes. Metro will continue to service eight front load dumpster routes.
