Analysis

This ordinance, as amended, amends Chapter 6.28 of the Metropolitan Code of Laws related to short term rental properties.

Section 6.28.030, Subsection A, regulates permits for the "Short term rental property (STRP) - Owner-occupied" use. The ordinance under consideration would amend this Subsection to require additional documentation be provided for proof that a unit is owner-occupied. Currently, two documents giving proof of owner-occupation are required in the application. As amended, the ordinance under consideration would require four documents be provided. A new provision would be added to authorize the zoning administrator to deny applications for an STRP - Owner-occupied permit based on documentation, including written statements by the owner, that the owner does not permanently reside on the property or would cease to reside on the property during the period for which the permit is valid or based upon affidavits from neighbors regarding the residency of the applicant. The zoning administrator would also be authorized to require additional proof of residency if there are concerns regarding the authenticity or accuracy of the submitted documentation. As

amended, if the zoning administrator determines that there has been a change in ownership, the permit would no longer be valid, and the new owner would be required to apply for a new permit to continue the use. Finally, if an STRP - Owner Occupied permit was denied, the applicant would be prohibited from filing an application for the same property for a period of six months from the date of the denial.

Section 6.28.030, Subsection B, regulates permits for the "Short term rental property (STRP) - Not owner-occupied" use. The Metro Code prohibits new permits for STRP - Not owner-occupied that are less than 100 feet from a religious institution, a school or its playground, a park, or a licensed day care center or its playground. An exemption from the minimum distance requirements may be granted upon the adoption of a resolution, after a public hearing, by the Council receiving 21 affirmative votes. The ordinance under consideration would clarify that one resolution could be used to exempt multiple dwelling units on a single tax parcel or within a single multifamily development if the applications are submitted at the same time and the units are owned by the same owner. As amended, a provision would be added stating that if the zoning administrator determines that there has been a change in ownership, the permit would no longer be valid, and the new owner would be required to apply for a new permit to continue the use.

Additionally, Section 6.28.010 of the Metropolitan Code would be amended to add Short Term Rental Property to the requirement that those engaged in the business of lodging transients keep a book or register with the names of its guests or lodger together with the date of arrival and departure.

An amendment was added at the October 1, 2024, Council meeting. This amendment changed the requirement for Short Term Rental Property Owner-occupied that an individual must permanently reside at the property subject to the permit to a requirement that the property is their primary residence. In addition, the amendment made a clarification to the acceptable documentation for proof of ownership for Short Term Rental Property Owner-occupied to allow for any Internal Revenue Service tax reporting forms instead of only a W-2 form.

Amendments two and three were approved at the October 15, 2024, Council meeting. Amendment two clarified the provision related to changes in ownership for a Short Term Rental Property permit. Amendment three reduced the number of documents required for proof of owner-occupation from five to four and clarified that different types of insurance policies can be used for documentation.
