Section 2. The Directors of Water and Sewerage Services and Public Property Administration are authorized to execute such documents as may be necessary and appropriate to carry out the abandonment and acceptance authorized by this resolution.

Section 3. This resolution shall take effect from and after its final passage, the welfare of The Metropolitan Government of Nashville and Davidson County requiring it.

Analysis

Ordinance No. BL2024-265 was approved by the Metropolitan Council on April 2, 2024. The ordinance authorized the abandonment of approximately 280 linear feet of existing eight-inch water main (DIP) and approximately 180 linear feet of existing 10-inch sanitary sewer main, and the acceptance of approximately 280 linear feet of new eight-inch water main (DIP), approximately 196 linear feet of new 10-inch sanitary sewer main (DIP), one fire hydrant assembly and three sanitary sewer manholes, for property located at 325 West Trinity Lane, also known as Madison Trinity Apartments. BL2024-265 provides that amendments to the legislation may be approved by resolution.

The proposed resolution would amend BL2024-265, as the previously approved abandonment of approximately 104 linear feet of existing eight-inch water main (DIP) and the acceptance of approximately 105 linear feet of new eight-inch water main (DIP) and one of three new sanitary sewer manholes, are no longer needed to construct this project. The resolution would also abandon an additional approximately nine linear feet of existing 10-inch sanitary sewer main necessary to complete the project.

These changes have been approved by the Planning Commission.
