Analysis

This resolution accepts the terms of a cooperative purchasing master agreement with Old Dominion Brush Company/DuCo LLC, for grounds maintenance equipment for the Nashville Department of Transportation and Multimodal Infrastructure ("NDOT").

The original agreement is between Sourcewell, which is a governmental entity of the state of Minnesota, and Old Dominion Brush Company/DuCo LLC. The anticipated project value is $1,000,000. The estimated savings to the Metropolitan Government by using this cooperative purchasing agreement is $55,071. The agreement would expire on January 31, 2029, though three additional one-year extensions are possible.

According to the Cooperative Request Review form, the pricing in the cooperative purchase agreement was leveraged through its Sourcewell membership and from a competitive RFP with 56 offers. This contract would allow NDOT to quickly procure specialized debris and leaf collection systems. It is unlikely that Metro would obtain a better value through a competitive solicitation.

T.C.A. § 12-3-1205(b) authorizes local governments to participate in cooperative purchasing agreements with governmental entities outside of the state as long as the goods or services were competitively procured by the other governmental entity. T.C.A. § 12-3-1205(b) further provides that local governments may participate in a master agreement by adopting a resolution accepting the terms of the master agreement.

Fiscal Note: According to the Cooperative Request Review from the Division of Purchases, the anticipated project value is $1,000,000. The anticipated savings to Metropolitan Government through utilizing this cooperative purchasing equipment is $55,071.
