Analysis

This resolution accepts the terms of a cooperative purchasing master agreement with Envirosight, LLC, for public safety for the Department of Water and Sewerage Services.

The original agreement is between Sourcewell, a state of Minnesota local government agency, and Envirosight, LLC. The anticipated project value is $1,000,000. The estimated savings to the Metropolitan Government by using this cooperative purchasing agreement is $65,071. The agreement would expire on January 17, 2026.

According to the Cooperative Request Review form, the pricing in the cooperative purchase agreement was leveraged from a competitive RFP with 13 offers. This agreement provides sewer inspection equipment, including crawlers, software, video nozzles, and sewer inspection zoom cameras. It is unlikely that Metro would obtain a better value through a competitive solicitation.

T.C.A. § 12-3-1205(b) authorizes local governments to participate in cooperative purchasing agreements with governmental entities outside of the state as long as the goods or services were competitively procured by the other governmental entity. T.C.A. § 12-3-1205(b) further provides that local governments may participate in a master agreement by adopting a resolution accepting the terms of the master agreement.

Fiscal Note: According to the Cooperative Request Review from the Division of Purchases, the anticipated project value is $1,000,000. The anticipated savings to Metropolitan Government through utilizing this cooperative purchasing equipment is $65,071.
