#### Analysis

This ordinance approves the extension of the boundaries of the Urban Services District (USD) to include 1,598 parcels in Council District 3 located between Brick Church Pike and Dickerson Pike, and adopts a plan of services associated with the USD annexation. Section 1.04 of the Metropolitan Charter provides that General Services District (GSD) property may be annexed into the USD, in accordance with state law annexation procedures, whenever such areas come to need urban services. Tennessee Code Annotated § 6-51-102, *et seq.* prescribes the various requirements for implementing annexations, including the adoption of a plan of services. However, § 6-51-123, enacted in 2014, allows any county having a metropolitan form of government to expand the USD using the method applicable at the time the Metro Charter was adopted. State law requires that a plan of services be considered by the Planning Commission and then be adopted by the Council before an ordinance to extend the boundaries of the Urban Services District can be approved on final reading.

These parcels of property already receive additional police protection, fire protection, water, sanitary sewers, storm sewers and street cleaning services at the same level as all other properties within the USD. The only additional services that would be provided through the proposed annexation would be street lighting and refuse collection. These additional services would be required to be provided not later than one year after the ad valorem taxes in the annexed area become due.

According to the plan of services estimation included as part of the ordinance, the first-year costs to provide these additional services are estimated to be \$442,400. After that, the annual costs would be an estimated \$267,000. The additional annual revenue estimated to be generated by the additional ad valorem taxes would be \$275,298 per year. Therefore, although a deficit in the first year of approximately \$167,000 would be generated, a surplus of approximately \$8,200 would be generated in each subsequent year.

State law requires the Council to hold a public hearing of the plan of services and annexation ordinance prior to adoption on third and final reading.

The plan of services was approved by the planning commission on November 12, 2020.
