Effective Date. This Thirtieth Supplemental Electric System Revenue Bond Resolution shall take effect from and after its adoption, the welfare of the Metropolitan Government requiring it.

Analysis

This resolution approves a supplemental electric system revenue bond resolution by electing to defease, pay, and redeem prior electric system revenue bonds. In addition to approving the \$195,000,000 in new revenue bonds, which is the subject matter of Resolution No. RS2021-717, the NES Power Board voted in December 2020 to defease and redeem certain outstanding 2011 Series A and B electric system revenue bonds with funds released from the debt service reserve account at redemption of the 2008 Series B bonds.

This supplemental bond resolution will first redeem the 2008 Series B bonds. Upon redemption, the funds in the 2008 Series B debt service reserve account will be released and used to (a) defease the outstanding 2011 Series A and 2011 Series B bonds and (b) if there are any remaining funds, pay for system improvements. The redemption will include all of the 2011 Series A and B bonds scheduled to mature on May 15, 2021, plus the following:

- \$2,010,000 of the 3.625% 2011 Series A Bonds scheduled to mature on May 15, 2031
- All of the 2011 Series A Bonds scheduled to mature on May 15, 2036
- \$4,965,000 principal amount of the Series 2011 Series B Bonds scheduled to mature on May 15, 2022
- \$5,185,000 principal amount of the 2011 Series B Bonds scheduled to mature on May 15, 2023
- \$6,525,000 principal amount of the 2011 Series B Bonds scheduled to mature on May 15, 2024
- \$3,750,000 principal amount of the 2011 Series B Bonds scheduled to mature on May 15, 2025
- \$3,425,000 principal amount of the 5.00% 2011 Series B Bonds scheduled to mature on May 15, 2026
- \$1,430,000 principal amount of the 3.25% 2011 Series B Bonds scheduled to mature on May 15, 2026

This will also include the payment of the interest that will become due on the defeased 2011 Series A and B bonds.

This would be the 30th supplement to the electric system revenue bond resolution originally adopted in 1985. Although the Metropolitan Charter grants NES complete control and authority over the operation of the electric system (Appendix III, Article 42, section 15), NES cannot issue bonds without permission of the Metro Council. (Id., at section 16). These bonds are to be paid solely from NES revenues and will not be an obligation of the general government or be guaranteed by the taxing authority of Metro.
