### Analysis

This ordinance amends the Metro Code of Laws to allow property owned by Metro to be rezoned only upon an application of the district council member representing the council district where the property is located. Under the current Metro Code provision, an application may be initiated only by the mayor, the head of the department or agency to which the property is assigned, or by the director of public property administration.

The ordinance would also require the director of public property administration to provide each district councilmember with an annual inventory of real property owned by Metro located within their district. Currently, there is no such requirement. The director of public property administration maintains an inventory of public property and equipment that is adjusted as additional properties are acquired or disposed of by Metro. A copy of this inventory is filed with the director of finance, the metropolitan clerk, the mayor, the planning commission, and additional public officials as designated by the mayor. This process will remain and be unaffected by the ordinance.

The ordinance has been disapproved by the planning commission as drafted; however, if it is amended to add

district councilmembers to the already existing list of entities that can initiate rezonings of Metro owned property, then the planning commission has no recommendation.
