Analysis

This resolution approves an application for a Multimodal Access Grant from the Tennessee Department of Transportation (TDOT) to Nashville Department of Transportation and Multimodal Infrastructure to provide additional funding for the construction phase of the Lebanon Pike Sidewalk Project. If the application is approved, the award would be \$1,125,000 with a local match of \$125,000.

The Lebanon Pike Sidewalk Project would involve the construction of an eight-foot sidewalk and a four-foot grass furnishing zone with curb and gutter on the north side of Lebanon Pike. In addition, upgrades would be made at the intersections of McGavock Pike and Graylynn Drive that will include ADA ramps, crosswalk marking, and pedestrian signals.
