### Analysis

This resolution modifies a project to acquire flood prone property in the Sevenmile Creek watersheds,

previously approved by Resolution No. RS2019-1593. RS2019-1593 approved an agreement between the Metropolitan Department of Water and Sewerage Services ("MWS") and the U.S. Department of Army for the Sevenmile Creek Flood Risk Management project. RS2019-1802 identified 45 flood-prone properties to be acquired pursuant to the agreement. RS2020-626 added an additional 11 flood-prone properties to be acquired and RS2021-775 further approved the acquisition of 11 additional flood-prone properties.

The resolution under consideration adds three properties to the lists of flood-prone properties to be acquired. Exhibits 1 and 2 to the agreement would be amended to reflect this change. The parcels to be added are all in Council District 26. One parcel is located on Dewain Drive and two parcels are located on Elysian Fields Road.

g

MWS has provided the budgeted property costs for these additional parcels. The Planning Commission approved this acquisition on July 12, 2022.

*Fiscal Note: The total budgeted property costs for the three additional properties is \$1,344,650.*
