Analysis

This ordinance, as amended, amends Section 2.63.020 of the Metropolitan Code of Laws to require the Office of Homeless Services maintain an inventory of homeless services providers in Nashville and Davidson County. This inventory would list direct support services provided by third-party organizations to those experiencing homelessness in an effort to adequately serve all parts of Nashville and Davidson County.

An amendment added at the July 2, 2024, Council meeting requires that any publication or production of the inventory must contain language stating that the providers have not been vetted, verified, reviewed, or approved by the Office of Homeless Services. In addition, the amendment clarified that this provision must not be construed as a requirement that providers register with the Office of Homeless Services.
