**Re: Vintage Fair Park
Planning Commission Mandatory Referral 2026M-010ES-001
Council District # 17 Terry Vo, Council Member**

On behalf of the Metropolitan Planning Commission, the following item, referred to the Commission as required by the Metro Charter, has been recommended for *approval with conditions* to the Metropolitan Council:

A request for the abandonment of approximately 625 linear feet of existing 10-inch sanitary sewer main, and the acceptance of approximately 637 linear feet of new 10-inch sanitary sewer main (DIP), and four sanitary sewer manholes, to serve the Vintage Fair Park development. Construction of new sanitary sewer main and manholes will be in existing easements and the right-of-way.

The relevant Metro agencies (Metro Parks, Nashville Department of Transportation, Metro Water Services, Metro Emergency Communications, the Nashville Electric Service, General Services-Public Property and the Metro Historical Commission) have reviewed the proposal and concur in the recommendation for approval. This request must be approved by the Metro Council to become effective. A sketch showing the location of the request is attached to this letter.

Conditions that apply to this approval:

NES:

All work must maintain clearances with any utility poles to prevent undermining the integrity of the foundation.

This recommendation for approval is given as set forth in the Metropolitan Planning Commission Rules and Procedures. If you have any questions about this matter, please contact Delilah Rhodes at Delilah.Rhodes@nashville.gov or 615-862-7208

Sincerely,

A handwritten signature in blue ink that reads "Robert Leeman". The signature is fluid and cursive, with a long horizontal stroke at the end.

Robert Leeman, AICP
Assistant Director Land Development
Metro Planning Department
cc: *Metro Clerk*
